Wall mounted unit

[DC fan motor unit for wall mounting](#)

- Using Welling DC motor, with three-speed adjustment.
- The casing adopts high light PC high impact material, resistant to oxidation and not easy to change color.
- With large area of air inlet grille & inclined tooth flow silent fan wheel, effectively increases the air inlet volume and lower the noise.
- High density flat woven filter, effectively filter fine dust.

Remarks:

1. Cooling: inlet air temp. DB27°C/WB19.5°C, water inlet/outlet temp. 7°C/12°C.
2. Heating: inlet air temp. DB21°C, water inlet temp. 60°C; same water flow rate as for the cooling.
3. Sound pressure level is the test value of the unit running at high speed in an anechoic or semi anechoic chamber, 1 meter below and front of the unit.
